Dear Tom:

Here's a note to just say "Thanks!" for the great job on the Fellowship Center. It was another signature project. The "oohs and ahs" are gratifying—but the credit is largely yours.

Pastor's therapist in Tucson is saying that he should get a complete recovery from the palsy—he returns on the 28th. If you are going to be home during the week of July 20-24, I would like to consider a swing by Paoli. There is going to be a Smith Reunion in Louisville that week. Maybe we could catch you for an hour or two on the way down or back. Just a thought.

Now that you are back home, Mrs. Bevis can redirect all the attention and affection from the animals to you. Hope '98 is a good one for you.

Sincerely in Christ,

Bradley M. Smith  
Co-Pastor
