DON SHERWIN
Assistant Principal

To Whom It May Concern,

It is my pleasure to write on behalf of Mr. Tom Bevis. For over two years, Mr. Bevis worked with us on the future development of our ministry here at Falls Baptist Church. We were faced with some very difficult problems and frankly, we felt it was impossible for us to expand in our present location. When we discussed our situation with Tom, he took a very sincere and deep interest in our ministry. He examined at great length the situation on our property and also did a full analysis of the cost and impact of relocation. Through this process, we were able to decide the best approach to meet the current and future needs of our church and school.

After this was decided, he meticulously worked through the problems that we had on our present site. These included neighborhood problems, governmental problems, land acquisition, and the design of future building that would blend together so that a future complex would be honoring to the Lord and very functional. In every one of these categories, he was able to solve the difficulties that we were facing.

As we began to move toward our next expansion, the problems with the government and neighborhood were resolved completely, and we were thrilled with the design for our future expansion. Through his negotiations with the government along with his work with the financial institutions in the area, we were able to save a large amount of money. If it had not been for his involvement, we would have come far short of being able to obtain the size and quality buildings we now enjoy. Also, his work on the engineering and design of the project was far beyond our expectations. Both the exterior and the interior of the final product were very professional and a real testimony to the Lord. All of this was done for a much-reduced cost compared to our previous projects.

I highly recommend Mr. Bevis for any type of development that you may be facing. He will work with you in a very professional and sincere manner. There will not only be great savings as the project goes forward, but also a confidence that you have been thorough in examination of your circumstances.

If you have any questions, please feel free to contact me at Falls Baptist Church.

Sincerely,

Wayne Van Gelderen, Jr.
Senior Pastor
